DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance:

Claims 5-8 and 12-16 are allowed because the prior art fails to disclose or suggest an apparatus and corresponding method for processing a first type of program having audio-video content and a second type of program having audio only content, and when a control means determines that a selected program is first type, playing the audio content and displaying the video content and when the control means determines that a selected program is a second type and animation is selected, the control means causes playing of the audio only program and displaying stored animation, and when animation is not selected, the control means causes playing of the audio only program and displaying a static image as recited in the claims.

Claims 5-8 and 12-16 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
